

JUDGE BINGHAM TO SPEAK TO GROWERS HERE MONDAY

Climax of Co-operative Marketing Campaign Comes When Its Sponsor Appeals to Madison Growers

Outside of the appearance of Aaron Sapiro, marketing expert, here in the early days of the burley pool drive, the biggest event in the campaign in Madison will be an address here Monday afternoon by Judge Robert W. Bingham, proprietor of the Louisville Courier-Journal and Times. Judge Bingham will speak at the courthouse at 1:30 o'clock. He will doubtless be heard by as many as can crowd into the courtroom.

Judge Bingham comes to Madison to make a final appeal to the farmers to seize this great opportunity that lies before them in the marketing of their principal crop. It was to his unselfish foresight and desire to help them that the co-operative marketing plan was put on foot in Kentucky. A man of large means, Judge Bingham has given of his money generously to bring this cause home to the people of his state. He is working for no reward except the knowledge of having done a real good to his home people, for the present and future.

Madison county is one of the biggers in the matter of signing up 75 per cent of her crop. Good progress has been made except in a few precincts where the growers seem possessed of the idea that they may obtain more money for their crops by not joining in with their brother farmers. Judge Bingham has a message for every man who has not signed up, and it will be worth their while to hear him Monday.

A big delegation of Clark county farmers is expected to be here Monday to boost the pool with their neighbors of this county. The suggestion has been made that business houses in town close up at 1:30 o'clock until after the Bingham speaking gets under full way. In this way the importance of the occasion can be better impressed upon everyone.

Owen county, with 80 per cent of its crop signed up, and Henry county, with 85 per cent, joined the other 22 big burley producing counties in the list of those which have pledged 75 per cent or more of their crops to the Burley Tobacco Growers' Co-operative Association, according to reports from those counties to state headquarters at Lexington.

It was announced also that Mercer county is very near the goal and about to go over the top this week, with Bourbon and Fayette county workers adding chairman Rush W. Allen and his team.

Counties which already have exceeded the minimum requirement of 75 per cent are Fayette, Woodford, Bourbon, Bath, Carroll, Montgomery, Lincoln, Nicholas, Spencer, Fleming, Oldham, Mason, Jessamine, Clark, Nelson, Shelby, Marion, Carter, Gallatin, Harrison, Scott, Bracken, Henry, and Owen.

Henry county, under the leadership of Chairman H. K. Bourne has signed every grower in the county with the exception of 140 scattered growers of small crops. Work will be continued in that county, Mr. Bourne said, with the purpose of obtaining as many of these small growers as possible.

Nevay, Indiana, merchants will close their stores all day Monday. Ralph M. Barker reported from Carrollton, and put that county over the top. Switzerland county has signed 800,000 pounds and 50 Carroll county men will go into the county to help Monday.

At Lawrenceburg, Ind., where Mr. Barker spoke Thursday night 150,000 pounds was signed up. 12 of the Carroll county workers were aiding in that county yesterday.

Carroll county will furnish to other counties next week 624 workers, who have signed their own crops and are willing to aid in other counties.

Many of Maysville's most prominent business houses closed their doors, while their owners assisted in a canvass of the county by precincts.

All but three of the county's precincts were visited. In Mineral precinct every grower signed the contract, while in German town precinct were affixed the names of 99 out of every 100 growers.

During the day's drive 700,000 pounds of tobacco was added to the county's pool.

Speaking dates for Monday: Aaron Sapiro, Georgetown, Brown county, Ohio.

Judge R. W. Bingham, Richmond, Madison county.

Congressman J. C. Cantrell, Frankfort, Franklin county.

The burley campaign in western Kentucky is making satisfactory progress, according to reports. J. D. Craddock, of Murfreesboro, chairman for Hart county, reported that in a house to house canvass 140 contracts were secured representing 436,800 pounds of tobacco, which brings the Hart county total to 1,500,000 pounds. The merchants closed their stores in Murfreesboro and aided in the canvass.

PORTER HAS FIGHTING CHANCE FOR LIFE

Harrie Noland, who returned Saturday morning from Lexington where he had been with his wife at the bedside of her uncle, Mr. Porter, reported that he is not doing so well now and his friends and relatives entertain grave fears for his recovery.

Joseph W. Porter, 59, former banker and business man, who was shot in the Cohen Boot Shop Lexington, Thursday, by Charles Cohen, the proprietor, has a fighting chance for his life, according to physicians attending the wounded man Friday, says the Herald.

Hospital authorities stated that Mr. Porter was conscious, but was suffering considerably. The wounded man continued throughout the day to maintain the cheerfulness he has shown ever since he was shot the day before. No operation to find the bullet has been attempted.

Frequently flushing tears from his eyes as his attorney, James D. Denny, asked that his case be continued until November 11, Mr. Cohen looked haggard from loss of sleep and displayed nervousness when arraigned in police court. He was held without bail pending the outcome of Mr. Porter's wounds.

He maintained silence concerning the shooting and refused to give any statement of the facts. He showed relief when he was told that Mr. Porter was still alive.

Richard J. Colbert, master commissioner of circuit court, was named as assignee for the Cohen Shop to take Mr. Porter's place.

Mrs. Cohen returned to Lexington late Thursday night from New York, where she has been for the past several days on business. She did not know of the shooting until her arrival here.

Friday Mrs. Cohen went to the hospital and inquired concerning Mr. Porter's condition. Mrs. Cohen and Mrs. Bullitt McComm, of Frankfort, daughter of the wounded man, were alone in the reception room for a short time. When they emerged both were weeping. They embraced each other at the door.

(By Associated Press.) New York, Nov. 5.—New high records for United States war issues were made today on the Stock Exchange. Liberty 3 1-2 per cents, second third and fourth four and one-fourth rose to the year's highest prices, selling respectively at \$94.50; \$94.76; \$95.92, and \$95.

VAN BENTON URGES FRIENDS TO HELP DEMOCRACY WIN

To My Friends of Madison County:—

Next Tuesday, November 8th, is the regular election for Madison county and I take this means of stating to my friends of the county that the various rumors that are being circulated are false. I am going to support the ticket and do everything I can to cause it to win and respectfully request all my friends to do likewise.

V. B. BENTON.

LAFOLLETTE STARTS ATTACK ON MELLON

(By Associated Press.) Washington, Nov. 5.—Because, he said, Secretary Mellon "openly and brazenly declared wealth should not be made to bear its share of the government burden," Senator LaFollette, in the Senate today, denounced the retirement of Mellon from the treasury.

METHODISTS WANT DRY MEN TO SHOOT

(By Associated Press.) Washington, Nov. 5.—The Board of Temperance, Prohibition and Public Morals of the Methodist Episcopal church here today issued a statement recommending that prohibition agents shoot bootleggers. It is nothing less than murderous to expect prohibition officers to await the fire of bootleggers with guns in their hands, the statement said, adding that bootleggers "are the worst kind of criminals, frequently ex-convicts and cruel killers."

PEACEFUL ELECTION AGREED ON IN CITY

(By Associated Press.) Louisville, Nov. 5.—Leaders of both major parties met here today to carry out plans for a peaceable election in Louisville next Tuesday. Mayor Smith warned both sides, "I am not asking pledges," said the mayor. "I am giving a command to both political organizations and citizens of Louisville to conduct themselves peaceably and quietly on election day." The meeting was arranged after Chesley Searey, head of the republican organization, announced he had heard democratic workers had ordered a shipment of canes for volunteer workers on election day. Searey said the republicans would have five canes to one in the election. The Times today announced that a shipment of 900 hickory clubs consigned to republican workers, arrived at an express office in Louisville and was carted away during the morning.

RED CROSS DRIVE

To Jesse M. Dykes Post, American Legion:

Officers of the Legion as well as members, understand fully that the Red Cross is doing such extensive work and spending such enormous sums in their behalf, has only one motive; the desire to serve the men who made the greatest sacrifice, that they shall be re-established in lives of usefulness.

With the above in mind, it is entirely proper that we should feel free to call on the Legion for such assistance as they can certainly give in the Fifth Roll Call. And we believe that it will be cheerfully given. We wish the public to know that the local Post is thoroughly in accord with, and actually supporting the Fifth Roll Call.

"OLD WAR HORSES" RALLY TO PARTY

Benton Urges His Friends To Help Win Next Tuesday—Others Are At Work

With election only a few days off, interest in the outcome of the county races is becoming keener every day, and both parties are straining with might and main to get out their full strength to the polls next Tuesday.

Both campaign committees and the candidates are very confident. It's some "hoss race," the boys about town agree.

With the Democratic party facing such a trial next Tuesday, all the old "war horses" of the party are rallying to its assistance in the closing days with splendid loyalty. Partisanship and factionalism has been laid aside; old grudges forgotten; and each and everyone who ever called himself a democrat is loyally putting his shoulder to the wheel.

Van B. Benton, though defeated by Deatherage for the Democratic nomination for sheriff, like the good, game democrat he is, is again calling upon his friends to stand loyally to the ticket on next Tuesday. He brands as false any reports that he is not strong for the ticket, in a statement made public today. Like Mr. Benton, his true friends all over the county are proving their democracy and selflessness by taking off their coats and working hard for the success of the party.

Others are out helping, too, who have been prominent in the party councils. "Uncle John" White, long one of the leading democrats of the county, is back home this week, shaking hands with his friends and urging them to get to the polls early Tuesday. Sheriff Pete Whitlock is riding hard and working with might and main for the success of the party which has honored him so often.

William J. Baxter, of Jessamine county, democratic nominee for Commonwealth Attorney in this district, came over this week and said he wanted to help out the splendid ticket in Madison if he possibly could. Mr. Baxter is as good as "in" right now, for he is no republican opposition, so he felt that he couldn't employ his time better between now and next Tuesday than in "shaking the bush" for his loyal democratic friends in old Madison.

Others among the "old-time" workers have their coats off. The precinct workers are organized as never before and are vying with each other to get out the fullest possible vote. Just a few more days and the tale will be told.

YOUNGSTER FALLS FROM RUNNING CAR

Frank, the bright four-year-old son of School Superintendent and Mrs. Ben F. Edwards, sustained a severe cut on his head and was otherwise bruised and hurt by a fall from his father's car Friday afternoon. They were returning to town from near Waco when the little fellow fell off the rear seat and against the door, which was not securely fastened. He pitched out of the car, which was running at a pretty fair rate of speed. It was almost a miracle that the child was not killed. He is very ill and suffering severely from his injuries.

LIMIT ORDERED ON BEER PRESCRIPTIONS

(By Associated Press.)

Washington, Nov. 5.—Despite new Treasury regulations allowing physicians to issue an unlimited number of beer prescriptions, they will be held to hold a maximum of 100 every three months, Commissioner Haynes said today. He explained the 100 limit will apply whether physicians prescribe whisky, a wine or some or all of them.

EASTERN PLAYS AT BOWLING GREEN TODAY

The Eastern Normal football eleven journeyed to Bowling Green Friday where they meet the Western State Normal on the gridiron Saturday. The last time these two schools met in football was in 1916, when Eastern carried off the honors by a score of 16 to 0. This game means a great deal to the two schools as his start the athletic relations between the ancient rivals that anguished during the war.

Fifteen men left Friday afternoon for Bowling Green besides Coach Hembree. George figured is a player in the 1916 defeat of Western and he hopes to lead Eastern to another victory over Western. Western's basketball, track and baseball teams are now due to be on Eastern's schedule.

The Eastern team has been put through some hard work during the past week and is in excellent shape for the game. Joe Bernum, Eastern captain, has returned and is right for the Western game. The line, which Cumberland plowed through has been strengthened greatly and is going to give the Western line considerable trouble, as well as the backs. S. Carr is expected to start at center, Little and Evans at guards, E. Adams and Potter at tackles, and C. Crutcher and J. Carr at ends. Other linemen taken along are Powell, Jayne and F. Adams. Periman, W. Crutcher, Bryan, and either Rouse or Meredith will compose the back field.

Little is known of the Western team except that this is the first team in several years, but promises to give the locals a run for their money.

Morvich Hot Favorite

Baltimore, Md., Nov. 5.—Benjamin Black's unbeaten Morvich is a hot favorite in the early betting for the Maryland Jockey Club's new feature event, the United Futurity, worth \$40,000, at Pimlico this afternoon. Thirteen two-year-olds are entered. The race is at a mile.

"Paymen Guaranteed"

Captivating Picture

Margarita Fisher is captivating in the stellar role of "Payment Guaranteed" and Capt. Van Auker is the type the women fans promptly fall in love with. Hayward Mack is the smoothest, most suave and smiling "villain"—a success from every point of view, for he was even able to put over his business deal and prove himself an able exponent of high finance. This picture was filmed in the Santa Barbara mountains and several of the scenes show beautiful vistas of the surrounding country. The locale of the automobile wreck, which is one of the high points of the story, is unusually attractive. In the cast supporting Miss Fisher is Harvey Clark that inimitable character actor also Harry Lonsdale, Marjorie Manners and Alice Wilson. "Payment Guaranteed" is the feature attraction at local theatres Monday.

We will have lots of papers and subscription books ready for you and a man will be at the desk to assist you and give you prompt service in any way you should need it. We will also have some one with the cars on display to take subscriptions and fully explain every detail of this campaign to those that are not already familiar with it.

Be with the crowd. Get subscriptions, and win the Cash Prizes offered you. Boost the Daily Register, your home paper.

ELZIE BOWLIN DIES AT RIPE OLD AGE

Mr. Elzy Bowlin, 77 years old, died at the home of his son, Wm. Bowlin, on the Red Horse pike. He was a devoted member of the Baptist church and when in good health, was an active worker. Surviving him are three daughters, Mrs. Sydney Fletcher, Mrs. James Green, and Miss Nannie Bowlin, three sons, James, Wm., and Thomas Bowlin. Funeral services were conducted at the Red Horse Baptist church by his pastor, Rev. Mantley. Pallbearers were William, James and Thomas Bowlin, J. Ewell and Sydney Fletcher.

HEARD ABOUT TOWN

Miss Katherine Buckley has entered a business college in Lexington.

R. C. H. Covington, Sr. is reported as not so well at his home on West Main street, his many friends regret to know.

Will W. Adams, democratic candidate for Tax Commissioner, is still quite ill at his home on Water street as a result of the serious injury to his head, caused by falling from the running board of a machine the other night on Main street. Fears are entertained that there may be a slight fracture of the skull, it is reported.

Grand Frelate D. B. Shackelford and J. P. Smith attended the meeting of Corner de Lion Commandery at Paris Friday night, which was inspected by Mr. Shackelford.

Tom Baxter and J. H. Leeds have returned from Kansas City, where they attended the American Legion convention. They are loud in their praise of the entertainment given the boys, Robert and Joe Harris were also there at the same time buying a load of cattle for their farm in Madison and they enjoyed the festivities greatly. All agree that Tom Baxter furnished more entertainment for the buddies than any other one attraction at the big convention. Tom, who is a natural comedian, as everyone here knows, shoo' put it on the boys at K. C. and he was the center of a constant crowd of laughing admirers all the time he was there.

The Cincinnati Reds will do their spring training at Mineral Wells, Texas.

GRIDER GRABS GAME

VIOLATORS IN MERCER

State Game Warden W. L. T. Grider, of Richmond, and S. E. Gentry, of Stanford, spent this week in Mercer county, making investigation of game conditions. Three arrests followed their invasion. John Purvis, of McAfee, charged with hunting without a license, pleaded guilty and was fined \$15 and costs. T. P. Pinkston and Arch Dychouse were charged with killing rabbits out of season. The game wardens while in the neighborhood of Mt. Pleasant church, heard shots and came upon the two men with guns. The wardens found a freshly killed rabbit. They were tried three times by juries, two of which disagreed, and Friday the third jury acquitted them. Mr. Grider returned home for the week-end.

With the hunting season for quail and rabbits opening November 15th, the great fall outdoor sport of the blue grass will be in full swing. Since the Kentucky Fish and Game Commission is receiving many inquiries concerning the game laws, a brief synopsis of them is published for the benefit of those who wish to do their share toward the preservation and protection of wild life in the state.

LEXINGTON TO LOSE LEGITIMATE STAGE

Lexington, Ky., Nov. 4.—It was announced today by the Phoenix Amusement company, that Lexington will be without a legitimate playhouse after Thanksgiving Day. The Opera House, which was built nearly half a century ago, will be sold at auction.

The decision came as a result of an order from the Security Trust

MOTHER GAVE IT

Virginia Lady Suffered With Aches and Pains Until Mother Began Giving Her Cardui.

Dublin, Va.—Miss Mary Abby Huggett residing on Route 3, near here, recently told a visitor of her interesting experience with Cardui. Miss Huggett said: "I had been suffering for some time with painful... I was pale, didn't feel like going. Would just drag around, and couldn't rest to do any good. I would suffer once a month with my back, sides and head. My limbs would ache and I didn't know what to do, but I knew I must do something, for I didn't get well by letting it run on."

"My mother is a believer in Cardui, for she saw what it did for others as well as herself, so she began giving it to me."

"It wasn't long before I saw a change. It was just what I needed. It regulated me. I began to eat and sleep, and the pain stopped."

"Cardui is without doubt the best female tonic made, and I am glad I can recommend it to others."

"If suffering with symptoms such as Miss Huggett mentions, or other ailments peculiar to women, why not begin Cardui at once? Its merit is well established by successful use for more than 40 years."

WOMAN AVOIDS AN OPERATION

Hope Nearly Gone, but Lydia E. Pinkham's Vegetable Compound Saved Her

Star, N. C.—"My monthly spells gave me so much trouble, sometimes they would last two weeks. I was treated by two doctors without relief, and they both said I would have to have an operation. I had my trouble for years and was unit to do anything, and had given up all hope of ever getting any better. I read about your medicine in a 'Primitive Baptist' paper and decided to try it. I have used Lydia E. Pinkham's Vegetable Compound and Lydia E. Pinkham's Liver Pills for about seven months and now I am able to do my work. I shall never forget your medicine and you may publish this if you want to as it is true."—Mrs. J. E. HURSEY, Star, N. C.

Here is another woman who adds her testimony to the many whose letters we have already published, proving that Lydia E. Pinkham's Vegetable Compound often restores health to suffering women even after they have gone so far that an operation is deemed advisable. Therefore it will surely pay any woman who suffers from ailments peculiar to her sex to give this good old-fashioned remedy a fair trial.

RESERVE BANK SEES POOL A SUCCESS

Report Out From Cleveland New Marketing Plan Cured Rate Effect Nov. 15th

Cleveland, O., Nov. 4.—"Indications point to the starting of this plan of handling tobacco about November 15," a Federal Reserve Bank report today said in commenting on the co-operative marketing movement in the burley district. The report also mentioned the increase in crop pledges to the project.

"The reduced acreage and the favorable reports from the Carolina markets, which serve as a sort of barometer for Kentucky, has led farmers to anticipate a good market," the report said.

"The majority of the crop was saved by rain which came at a very opportune time."

Barren Bankers Endorse Pool
Lexington, Ky., Nov. 4.—Bankers of Glasgow and Barren county adopted a resolution commending the marketing plan of the Burley Tobacco Growers' Co-operative Association and recommending it to their patrons and friends. The resolution was adopted by a vote of 10 to 0.

"We, the undersigned bankers of Glasgow and Barren county, heartily endorse the plan of the Burley Tobacco Growers' Co-operative Marketing Association, and are glad to recommend it to our patrons and friends."

"First National Bank, by W. P. Smith, president.

"Trust National Bank, by J. L. Delmon, cashier.

"Citizen National Bank, by J. H. Mann, Jr., vice president.

"Farmers' National Bank, by J. J. Boles, president.

"Hillsville Deposit Bank, by P. H. Nunn, president."

John L. Brown, of Shelby county, spoke at Hillsville yesterday and the merchants, professional men and bankers closed their places of business and offices and rode with the tobacco workers in an effort to sign up Barren county. About 400,000 pounds were signed yesterday. Mr. Brown reported that everybody was in favor of the plan and that all that was necessary was to present the contract for signature.

E. R. Berry and W. R. Ratliff, of Bath county, aiding in the canvass of that county, obtained the signature of every man to whom they presented a contract. Mr. Brown said.

Reports from Ohio told of the signing up in Brown county of about 250,000 pounds as the result of the work of the Kentucky flying squadron in connection with Ohio workers. Capt. William Collins spoke at Higginsport, Brown county, Wednesday night. 100,000 pounds being signed up, and C. E. Hill, of Mt. Sterling, spoke at Decatur, Brown county, where about 90,000 pounds were signed up.

Friday the merchants of Middlesboro and Rowlett, in Hart county, will close their stores and work with the growers in signing up the county. At Horse Cave the merchants have published a half-page advertisement in the local papers, and yesterday about 100,000 pounds of tobacco were signed up in the county.

TWO-STORY CROP PROVES SUCCESS

Enterprising Farmer Discovers How to Make Fourth Plain Land Pay.

RAISE CHICKS AND PRUNES

Chickens Fertilize Land Good Only for Raising Prunes—Farmer's Discovery Leads to Rapid Growth in the Industry.

Vancouver—Fourth Plain, now a community with the thriving village of Orchards as the center, is expected to come into its own in a few years. The reason is a system of agriculture known to Orchard residents as the "two-story crop." If the Orchard residents make their present system work, it will be the first plan for filling the sunny Fourth Plain soil that has proved a success since the land was first cultivated by the Hudson's Bay company some 30 years ago. The Hudson's Bay farmers made the land pay. First they grew the hay crop, then the grain crop, then the fruit crop, and finally the "two-story crop." The "two-story crop" is a combination of chickens and prunes. The chickens fertilize the land, and the prunes grow on the land. The result is a rapid growth in the industry.

Soil Lacks Fine.
The soil on Fourth Plain, the best of any in the district, is very rich, but it lacks a fine texture. It is a heavy, clayey soil, and it is not very fertile. The farmers have found that the best way to make the land pay is to raise chickens and prunes. The chickens fertilize the land, and the prunes grow on the land. The result is a rapid growth in the industry.

It is a good thing for a farmer to have a chicken on his place. The chicken is a good fertilizer, and it is a good guard against thieves. The chicken is also a good companion for the farmer. The chicken is a good friend, and it is a good helper. The chicken is a good worker, and it is a good doer. The chicken is a good everything.

Mr. Renny specialized on quality stock, and his birds and eggs command a higher price than the market price. Others of his neighbors tried out the experiment and it was soon found that practically every Orchard farm is now well adapted to the two-story crop as the Renny place. Ten years ago but one commercial chicken raiser was located at Orchards. Now the number in the district is probably close to 500, and every flock is being increased.

Chickens Fertilize Land.
A thousand chickens in the hands of an experienced chicken man will produce a comfortable living at Orchards. The chickens occupy the "ground floor" on the farm and fertilize the prunes trees, occupying the second story. While the prunes trees are not remarkably productive as prunes trees go, nevertheless they represent practically all profit.

As over 50 chicken ranches have been established in the last six months it is conservatively estimated that at the present rate of increase two more years will make Orchards the greatest chicken country in the United States, not excluding Patuxent, Cal. Practically every chicken raiser, in addition to his flock of birds, has an orchard, and the receipts from both fruit and chickens make farming a success.

Orchards is six miles from Vancouver, Wash., and but ten miles from Portland, Ore., and as a street car line runs through the new chicken country, the growers have little to fear about finding a market.

CLIMBS PEAK 500 TIMES

Guide Registers Record Number of Ascents of Mount Hood in Oregon.

Hood River, Oregon.—A remarkable record in northwestern mountaineering has been set by Mark Weygandt, up-per valley householder and guide, who made his 500th registered ascent of Mount Hood with a party.

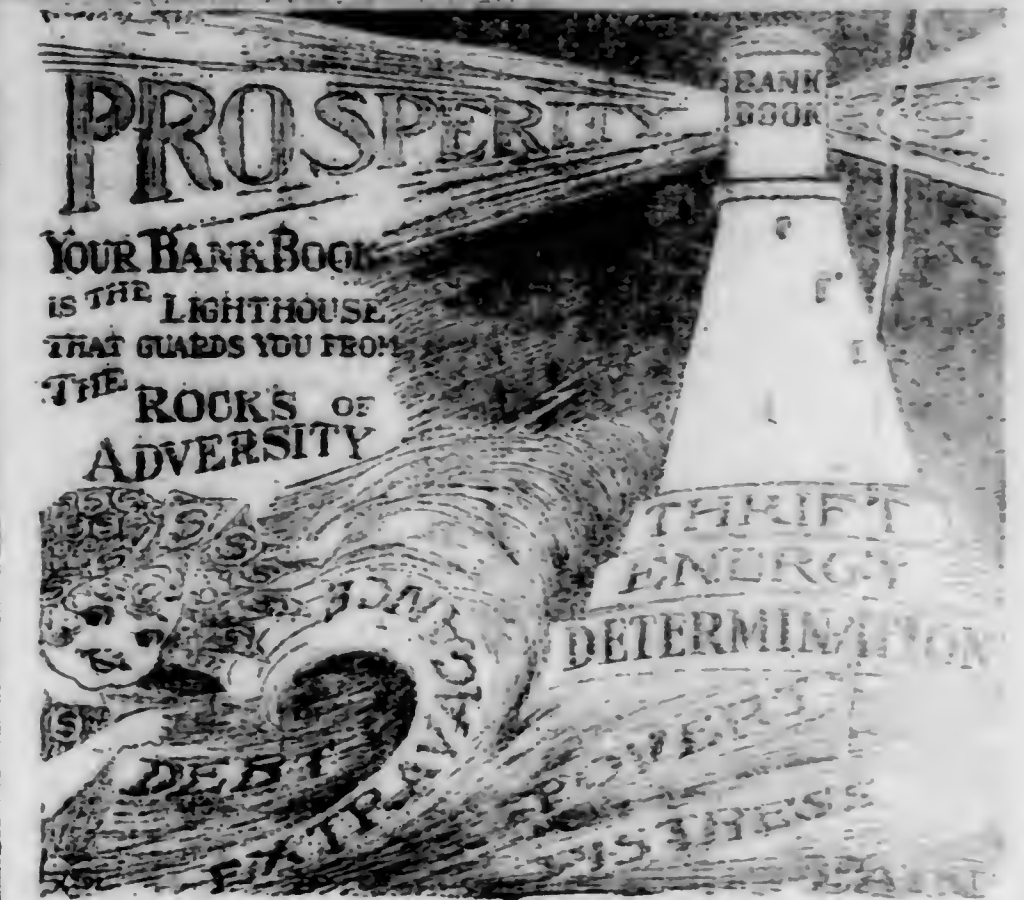

Mr. Weygandt has ascended more than 2,000 persons up the mountain, among them scientists and folk of note from all parts of the world. He has climbed more than 225 to the summit this season.

Mr. Weygandt is forty-four years old. He made his first ascent when he was twenty-four. He expects to continue his profession, as the availability of the snow peak through the construction of better roads has caused a great increase in climbers.

Thought Bear Cub a Puppy.
Franklin, Pa.—A twelve-year-old boy found what he thought was a puppy dog in the outskirts of the village of Mayburg, Forest County, the other day. He carried it home, where it was found to be a bear cub a month old.

It is expected the animal will be sent to Harrisburg and later released in a game preserve or sent to a zoo. The cub is playful as a kitten. It had evidently become lost from its mother and driven to town by forest fires.

ROMANCE IN TOWN JUST COMES TO LIGHT

Local School Teacher Was Married Sept. 17th to a Popular Young Stanford Man

Richmond has had a romance in her midst for over a month and didn't know it. Miss Sara Back, one of the popular teachers in the Madison High school, was secretly married on Sept. 17 to Ben F. Jennings, of the Interior Journal staff at Stanford, and the wedding has just been announced at their home there. Both are very popular and the Daily Register writer knows of a fact that all the nice things that his home paper says of the groom are true. Here's the Interior Journal story of the romance:

Mr. Ben F. Jennings, of this office, and Miss Sara Margaret Back, daughter of Mr. and Mrs. C. M. Back, of this city, were married at Richmond on September 17th. Rev. Homer W. Carpenter, of the First Christian church, that city, performing the ceremony at his home in the presence of Mrs. Carpenter and Mr. Carpenter's sister. This will be real news to many of the friends of the popular pair. The bride is a teacher in the public schools of Richmond and it was the intention of Mr. and Mrs. Jennings to keep their marriage a secret until the conclusion of the first semester. They changed their minds, however, and today are sending out announcements. The bride is one of the finest of young women; handsome, pleasing, accomplished; happily disposed and the possessor of the sweetest of dispositions. She is indeed a most lovable young woman and that she will make a helpmeet in all the word means, one who knows her will doubt. Mr. Jennings has right to congratulate himself on winning her and reason to be the happiest man in the city. Mr. Jennings is probably the most popular man in town. "Ben," as everybody knows him, appears to be the favorite of every gathering, and there's a reason. He is friendly, obliging, bright and agreeable and has the happy faculty of spreading sunshine wherever he goes. He has been with this pa-

CHURCHES TO TALK OF ARMS CONFERENCE

The uptown churches of Richmond will unite Sunday evening in a mass meeting in consideration of the coming limitation of Armaments Conference in Washington. No institution in America is more concerned in this epoch making international gathering than the church. Ten million Christians, it is expected, will meet Sunday night in conference and prayer in connection with this matter. The Richmond churches invite the public to attend this union service Sunday evening. It will be held at the First Christian church at 7:15. Ten minute addresses will be made by the four pastors on various phases on this question. The male quartet will furnish the special music. The program will be as follows:

The Peril of the Race for Armaments—Dr. H. W. Carpenter. The Ideals of Christianity—Dr. R. L. Telford. Prayer in the Program for Disarmament—Rev. W. O. Sadler. The Church and the Disarmament Conference—Dr. O. O. Green.

Famous Baptist Evangelist Dies in Louisiana

Shelbyville, Nov. 5.—The Rev. Dr. L. R. Bailey, known throughout the South as an evangelist of the Southern Baptist Convention, died unexpectedly Friday morning at his home in Alexandria, La., where he had been located since September as pastor of the First Baptist church. Dr. Bailey was born in Tennessee and would have been 58 years old today. His first important pastorate after his graduation from the Southern Baptist Theological Seminary in Louisville, was in Winchester, where he remained for ten years, coming from that city to Shelbyville, where his pastorate continued from 1907 to 1912.

He resigned his charge here to accept a call to Macon, Ga., and from there he went in turn to Texarkana and Arkadelphia, Ark., and Mayville, Ky. He resigned at Mayville to become one of the accredited evangelists of his church and in that capacity he conducted meetings all over the South.

Lewis Advises Strikers

To Return To Work Springfield, Ill., Nov. 5.—John Lewis, president of the United Mine Workers, wired officers of the union in Pennsylvania where the strike is called, it would be well to avoid a strike if the operators gave assurance of complying with yesterday's order of the Federal Court of Appeals at Chicago in the "check off" system case. The officers also saw the Indiana officials of the miners union, advising them to direct the men should return to work if the operators indicated they would restore the status of their contract. Besides these specific cases, Lewis said he sent communications to the other fourteen states affected.
